

40.107N | Extreme Guard 250

TOTAL MARK | Lamination Films

ABOUT

Extreme Guard 250 is a transparent PVC overlamine designed to protect graphics while maintaining clarity. The high gloss surface gives extra depth and vibrancy to the print. The 250 micron monomeric vinyl imparts extra thickness that gives a high degree of durability and protection to graphics. Suitable for outdoor use up to 3 years. This lamination film is great when combined with the [40.100N | StrongTack](#) print film.

Typical applications:

Motocross bikes, snow & water scooters, quads, buggy cars, helmets, labels, ...

FEATURES

- ✓ HIGH DURABILITY
- ✓ GLOSS OPTICALLY CLEAR
